Blade Bytes Back

A Computer Science Club at Bladensburg High School

WHAT IS BLADE BYTES BACK?

Blade Bytes Back is an after-school club at Bladensburg High School that **teaches the basics of Computer Science.**

Every meeting, students will engage in computer science related activities to enhance their understanding of computer language and expand their Computer Science capabilities.

The club members will learn through the guide of student founders. The overall aim of this club is to allow Bladensburg students to **gain insight into the possibilities of Computer Science** and **inspire them to solve problems in new and unique ways.**

CURRICULUM

Our club is based on a semester system. In the first semester club-members will learn Computer Science logic. In the second semester club-members will used what they've learned to create their own interactive website.

OUR PARTNERS

Our club Partners with **Google's CS First** and **Hackclub.** Our partners help ensure that our club remains **free** of charge!
